

# **Third Training Workshop on the Safe Operation and Applications of Neutron Generators**

**IAEA Nuclear Science and Instrumentation Laboratory  
Seibersdorf, Austria**

**4 - 15 November 2024**

**Ref. No.: EVT2304188**

## **Information Sheet**

### **Introduction**

The use of various neutron sources, either accelerator- or research reactor-based, enhance innovation and socioeconomic development in a variety of fields such as health, materials research, agriculture, cultural heritage, environment, safety and security and many others. Compact neutron generators are electrically controlled neutron sources of low-medium intensity that are an attractive alternative to low power research reactors or isotopic neutron sources (e.g. Cf-252, Am/Be, Pu/Be) which are not free from security risks and radioactive waste management issues. Having been used for decades in oil and mining industries, for exploration and on-line analysis, neutron generator applications have expanded. These include neutron radiography, complementary to X-ray radiography; neutron activation analysis, a highly sensitive analytical technique; radiotracer production for industrial applications; as well as investigations related to security and safeguard applications. Due to their capabilities and transportability, which allows on-field utilization, neutron generators play a major role in solving problems of modern society related to the control of industrial processes, the monitoring of environmental pollution, climate change, water and air quality, to forensics, cultural heritage, agriculture, security and safeguard.

In this context, applications of neutrons are one of the thematic areas, where the IAEA supports its Member States in strengthening their capabilities to adopt and benefit from use of diverse neutron sources. The IAEA Nuclear Science and Instrumentation Laboratory (NSIL) has established the Nuclear Science Facility (NSF) based on one Deuterium-Deuterium and the two Deuterium-Tritium sealed tube neutron generators, providing neutrons in the energy range of fission (2.5 MeV) and fusion (14 MeV)

reactors at intensities of  $5 \times 10^6$  to  $5 \times 10^8$  n/s over  $4\pi$ . Based on the experiences from the previous two trainings held in 2022 and 2023, NSF is further developing training capabilities.

## **Objectives**

The purpose of the event is to train the participants in the safe operation and use of neutron generators, including demonstration of their applications and related modelling tools, through lectures and practical hands-on exercises. Specifically, the training workshop will include the following topics:

- Neutron production using neutron generators
- Neutron detection principles
- Neutron spectrometry
- Neutron radiography
- Introduction to neutron activation analysis (NAA)
- Introduction to delayed neutron counting (DNC)
- Safety and radiation protection considerations operating neutron generators

## **Target Audience**

This training workshop is intended for newcomers to the field of operating and using neutron sources of low-medium intensity, either already established at their organizations or in the planning stages. Representatives of regulatory bodies or radiation protection agencies, involved in oversight and regulation of similar facilities, might also find this event beneficial.

## **Working Language(s)**

English

## **Participation and Registration**

The hands-on training will be limited to 10 trainees due to organizational and practical constraints. All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State, participants are requested to send the **Participation Form (Form A)** to their competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) for onward transmission to the IAEA by **1 August 2024**. Participants who are members of an organization invited to attend are requested to send the **Participation Form (Form A)** through their organization to the IAEA by the above deadline.

**In addition to the Form A, applicants are requested to send a short CV with a brief justification statement why this training would be beneficial for their organization and their professional development.**

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters. Please be informed that the selection process will be accomplished by 6 September 2024, by which date all invitation letters will have been sent out to the selected candidates.

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. The IAEA may also use the contact details of Applicants to inform them of the IAEA's scientific and technical publications, or the latest employment opportunities and current open vacancies at the IAEA. These secondary purposes are consistent with the IAEA's mandate.

## **Expenditures and Grants**

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made using the **Grant Application Form (Form C)** which has to be stamped, signed and submitted by the competent national authority to the IAEA together with the **Participation Form (Form A)** by **1 August 2024**.

## **Visas**

Participants who require a visa to enter Austria should submit the necessary application as soon as possible to the nearest diplomatic or consular representative of Austria.

# Organization

## Scientific Secretary

### Mr Natko Skukan

Division of Physical and Chemical Sciences  
Department of Nuclear Sciences and Applications  
International Atomic Energy Agency  
Vienna International Centre  
PO Box 100  
1400 VIENNA  
AUSTRIA

Tel.: +43 1 2600 28624

Fax: +43 1 26007

Email: [N.Skukan@iaea.org](mailto:N.Skukan@iaea.org)

## Co-Scientific Secretary

### Ms Haifa Ben Abdelouahed

Division of Physical and Chemical Sciences  
Department of Nuclear Sciences and Applications  
International Atomic Energy Agency  
Vienna International Centre  
PO Box 100  
1400 VIENNA  
AUSTRIA

Tel.: +43 1 2600 28236

Fax: +43 1 26007

Email: [H.Ben-Abdelouahed@iaea.org](mailto:H.Ben-Abdelouahed@iaea.org)

## Administrative Secretary

### Ms Gaukhar Permetova

Division of Physical and Chemical Sciences  
Department of Nuclear Sciences and Applications  
International Atomic Energy Agency  
Vienna International Centre  
PO Box 100  
1400 VIENNA  
AUSTRIA

Tel.: +43 1 2600 28227

Fax: +43 1 26007

Email: [G.Permetova@iaea.org](mailto:G.Permetova@iaea.org)

Subsequent correspondence on scientific matters should be sent to the Scientific Secretary/Secretaries and correspondence on other matters related to the event to the Administrative Secretary.

# Participation Form

## Third Training Workshop on the Safe Operation and Applications of Neutron Generators

**Seibersdorf, Austria**

**4 to 15 November 2024**

To be completed by the participant and sent to the competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA, or National Atomic Energy Authority) of his/her country for subsequent transmission to the International Atomic Energy Agency (IAEA) either by email to: [Official.Mail@iaea.org](mailto:Official.Mail@iaea.org) or by fax to: +43 1 26007 (no hard copies needed). Please also send a copy by email to the Scientific Secretary, Mr Natko Skukan, Division of Physical and Chemical Sciences, Department of Nuclear Sciences and Applications (Email: [N.Skukan@iaea.org](mailto:N.Skukan@iaea.org)) and to the Administrative Secretary, Ms Gaukhar Permetova, (Email: [G.Permetova@iaea.org](mailto:G.Permetova@iaea.org)).

Participants who are members of an invited organization can submit this form to their organization for subsequent transmission to the IAEA.

**Deadline for receipt by IAEA through official channels: 01 August 2024**

Family name(s): (same as in passport)	First name(s): (same as in passport)	Mr/Ms
Institution:		
Full address:		
Tel. (Fax):		
Email:		
Nationality:	Representing following Member State/non-Member State/entity or invited organization:	
If/as applicable:		
Do you intend to submit a paper?	Yes	No
Would you prefer to present your paper as a poster?	Yes	No
Title:		

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. Further information can be found in the [Data Processing Notice](#) concerning IAEA InTouch+ platform.

# Grant Application Form

## Third Training Workshop on the Safe Operation and Applications of Neutron Generators

Seibersdorf, Austria

4 to 15 November 2024

To be completed by the participant and sent to the competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA, or National Atomic Energy Authority) of his/her country for subsequent transmission to the International Atomic Energy Agency (IAEA) either by email to: [Official.Mail@iaea.org](mailto:Official.Mail@iaea.org) or by fax to: +43 1 26007 (no hard copies needed). Please also send a copy by email to the Scientific Secretary, Mr Natko Skukan, Division of Physical and Chemical Sciences, Department of Nuclear Sciences and Applications (Email: [N.Skukan@iaea.org](mailto:N.Skukan@iaea.org)) and to the Administrative Secretary, Ms Gaukhar Permetova, (Email: [G.Permetova@iaea.org](mailto:G.Permetova@iaea.org)).

### Deadline for receipt by IAEA through official channels as per Conference Announcement.

Family name(s): (same as in passport)	First name(s): (same as in passport)	Mr/Ms:
Mailing address:		Tel.:
		Fax:
		Email:
Date of birth (yyyy/mm/dd):		Nationality:

#### 1. Education (post-secondary):

Name and place of institution	Field of study	Diploma or Degree	Years attended from to	

#### 2. Recent employment record (starting with your present post):

Name and place of employer/ organization	Title of your position	Type of work	Years attended from to	

#### 3. Description of work performed over the last three years:

**4. Institute's/Member State's programme in field of event:**

**Date:** \_\_\_\_\_ **Signature of applicant:** \_\_\_\_\_

**Date:** \_\_\_\_\_ **Name, signature and stamp of Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority**

\_\_\_\_\_
