

## List of registred aquaculture production businesses keeping fish

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090002	<b>DEMŠAR STANISLAV</b> HOTOVLJA 31, HOTOVLJA, 4223 POLJANE NAD ŠKOFJO LOKO	X :108863 Y :437809	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other
100090004	<b>FRANGEŠ MILOŠ,</b> <b>RIBOGONICA FRANGEŠ</b> SMOLNIK 52B, SMOLNIK, 2342 RUŠE	X :154415 Y :538043	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption
100090005	<b>ČAS MIROSLAV, RIBNIK-BAJER</b> STRAŽE 125, 2382 MISLINJA	X :145551 Y :512354	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090006	JGZ BRDO, RIBNIK3 PREDOSLJE (X=126699,Y=452668)	X :126699 Y :452668	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Put and take fisheries
100090007	FELIKS PETERNELJ S.P., RIBOGONJICA BUBEC BRCE 10, BRCE, 6250 ILIRSKA BISTRICA	X :48417 Y :437324	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Grow out for human consumption Put and take fisheries
100090008	PLESKOVIČ MARJAN GORENJA GOMILA 4, GORENJA GOMILA, 8310 ŠENTJERNEJ	X :80030 Y :522472	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Put and take fisheries

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090009	<b>BOHORČ SREČKO</b> MRČNA SELA 32, MRČNA SELA, 8282 KOPRIVNICA	X :5532657 Y :5098905	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption
100090014	<b>RIŽNAR ZDRAVKO</b> PRISTAVA 30E, PRISTAVA, 9240 LJUTOMER	X :154725 Y :595046	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Other
100090016	<b>MARIČ LUDVIK, MLAKA - NEMCOVE DNIKE</b> VUČJA GOMILA , VUČJA GOMILA, 9222 BOGOJINA	X :174483 Y :597572	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090017	ŠKAFAR ZLATKO, KRČ ŠAFARSKO (X=153979,Y=598841)	X :153979 Y :598841	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> NO, susceptible or vector species present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected	Freshwater ponds	Put and take fisheries
100090018	PAJSAR IGNAC PODLIPA 8, PODLIPA, 1360 VRHNIKA	X :95466 Y :443122	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected	Freshwater tanks/raceways	Other
100090020	IVANUŠ SANDI, RIBNIK IVANUŠ DOLE 46A, DOLE, 3230 ŠENTJUR	X :123166 Y :529420	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090021	<b>MARKO FERLIČ - NOSILEC DOPOLNILNE DEJAVNOSTI NA KMETIJI, RIBOGJNICA FERLIČ</b> ZVODNO 5, ZVODNO, 3000 CELJE	X :118105 Y :522763	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Grow out for human consumption
100090029	<b>HREN RAJKO, RIBOGJNICA</b> ŽLABOR 6, ŽLABOR, 3331 NAZARJE	X :130608 Y :496510	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other
100090038	<b>BROLIH JAKA, RIBOGJNICA OLIPJE</b> ZGORNJE JEZERSKO 11B, 4206 ZGORNJE JEZERSKO	X :139572 Y :459915	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090039	GRMŠEK IGOR PRESLADOL 37, PRESLADOL, 8280 BRESTANICA	X :98508 Y :534185	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption
100090041	HORVAT ZLATKO MELJSKI HRIB 36, MELJSKI HRIB, 2000 MARIBOR	X :158829 Y :551606	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Other
100090042	RIBOJNICA IN OKREPČEVALNICA BOJAN ŽIVKO S.P., RIBOJNICA ŽIVKO KOPIVNIK 58, KOPIVNIK, 2313 FRAM	X :147023 Y :547603	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090043	KARTUZIJA PLETERJE DRČA 1, DRČA, 8310 ŠENTJERNEJ	X :75220 Y :527667	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Other
100090049	JERMAN ROK DOLENJE GRČEVJE 1, DOLENJE GRČEVJE, 8222 OTOČEC	X :79276 Y :514840	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Grow out for human consumption
100090051	HABIČ ANTON, RIBNIK BESNICA 25, BESNICA, 1000 LJUBLJANA	X :99225 Y :475054	<b>Viral haemorrhagic septicaemia</b> YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, susceptible species are present <b>Koi herpes virosis</b> NO, susceptible or vector species present <b>Infectious salmon anaemia</b> YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090059	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 1 RAKITOVEC (X=116555,Y=535200)	X :116088 Y :536049	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Nursery
100090060	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 2 RAKITOVEC (X=116555,Y=535200)	X :116088 Y :536049	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Brood stock
100090061	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 3 RAKITOVEC (X=116555,Y=535200)	X :116088 Y :536049	<b>Viral haemorrhagic septicaemia</b> YES, vector species are present YES, susceptible species are present <b>Infectious haematopoietic necrosis</b> YES, vector species are present <b>Koi herpes virosis</b> YES, susceptible species are present <b>Infectious salmon anaemia</b> NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
