

List of registred aquaculture production businesses keeping fish

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090002	DEMŠAR STANISLAV HOTOVLJA 31, HOTOVLJA, 4223 POLJANE NAD ŠKOFJO LOKO	X :108863 Y :437809	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other
100090004	FRANGEŠ MILOŠ, RIBOGJNICA FRANGEŠ SMOLNIK 52B, SMOLNIK, 2342 RUŠE	X :154415 Y :538043	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption
100090005	ČAS MIROSLAV, RIBNIK-BAJER STRAŽE 125, 2382 MISLINJA	X :145551 Y :512354	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090006	JGZ BRDO, RIBNIK3 PREDOSLJE 39, PREDOSLJE, 4000 KRANJ	X :NA Y :NA	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Put and take fisheries
100090007	FELIKS PETERNELJ S.P., RIBOGONJICA BUBEC BRCE 10, BRCE, 6250 ILIRSKA BISTRICA	X :48417 Y :437324	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Grow out for human consumption Put and take fisheries
100090008	PLESKOVIČ MARJAN GORENJA GOMILA 4, GORENJA GOMILA, 8310 ŠENTJERNEJ	X :80030 Y :522472	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Put and take fisheries

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090009	BOHORČ SREČKO MRČNA SELA 32, MRČNA SELA, 8282 KOPRIVNICA	X :5532657 Y :5098905	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption
100090014	RIŽNAR ZDRAVKO PRISTAVA 30E, PRISTAVA, 9240 LJUTOMER	X :154725 Y :595046	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Other
100090016	MARIČ LUDVIK, MLAKA - NEMCOVE DNIKE VUČJA GOMILA , VUČJA GOMILA, 9222 BOGOJINA	X :174483 Y :597572	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090017	ŠKAFAR ZLATKO, KRČ VEŠČICA 2B, VEŠČICA, 9246 RAZKRIŽJE	X :NA Y :NA	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis NO, susceptible or vector species present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected	Freshwater ponds	Put and take fisheries
100090018	PAJSAR IGNAC PODLIPA 8, PODLIPA, 1360 VRHNIKA	X :95466 Y :443122	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected	Freshwater tanks/raceways	Other
100090020	IVANUŠ SANDI, RIBNIK IVANUŠ ZADOBROVA 87B, ZADOBROVA, 3211 ŠKOFJA VAS	X :NA Y :NA	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Hatchery Nursery Brood stock Grow out for human consumption Other Put and take fisheries Other Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090021	MARKO FERLIČ - NOSILEC DOPOLNILNE DEJAVNOSTI NA KMETIJI, RIBOGJNICA FERLIČ ZVODNO 5, ZVODNO, 3000 CELJE	X :118105 Y :522763	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Grow out for human consumption
100090029	HREN RAJKO, RIBOGJNICA ŽLABOR 6, ŽLABOR, 3331 NAZARJE	X :130608 Y :496510	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other
100090035	HRIBERNIK IVAN PODVRH 67, PODVRH, 3314 BRASLOVČE	X :126663 Y :500325	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Declared disease-free -Infectious haematopoietic necrosis Declared disease-free		Grow out for human consumption

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090038	BROLIH JAKA, RIBOGOJNICA OLIPJE ZGORNJE JEZERSKO 11B, 4206 ZGORNJE JEZERSKO	X :139572 Y :459915	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other
100090039	GRMŠEK IGOR PRESLADOL 37, PRESLADOL, 8280 BRESTANICA	X :98508 Y :534185	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption
100090041	HORVAT ZLATKO MELJSKI HRIB 36, MELJSKI HRIB, 2000 MARIBOR	X :158829 Y :551606	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090042	RIBOGJNICA IN OKREPČEVALNICA BOJAN ŽIVKO S.P., RIBOGJNICA ŽIVKO KOPIVNIK 58, KOPIVNIK, 2313 FRAM	X :147023 Y :547603	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption
100090043	KARTUZIJA PLETERJE DRČA 1, DRČA, 8310 ŠENTJERNEJ	X :75220 Y :527667	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Other
100090049	JERMAN ROK DOLENJE GRČEVJE 1, DOLENJE GRČEVJE, 8222 OTOČEC	X :79276 Y :514840	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Grow out for human consumption

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090051	HABIČ ANTON, RIBNIK BESNICA 25, BESNICA, 1000 LJUBLJANA	X :99225 Y :475054	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other
100090059	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 1 GORICA PRI SLIVNICI 6A, 3263 GORICA PRI SLIVNICI	X :116088 Y :536049	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Nursery
100090060	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 2 GORICA PRI SLIVNICI 6A, 3263 GORICA PRI SLIVNICI	X :116088 Y :536049	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Brood stock

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090061	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 3 GORICA PRI SLIVNICI 6A, 3263 GORICA PRI SLIVNICI	X :116088 Y :536049	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Other
100090062	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 4 GORICA PRI SLIVNICI 6A, 3263 GORICA PRI SLIVNICI	X :116088 Y :536049	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Other Put and take fisheries
100090063	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 5 GORICA PRI SLIVNICI 6A, 3263 GORICA PRI SLIVNICI	X :116088 Y :536049	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090064	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 6 GORICA PRI SLIVNICI 6A, 3263 GORICA PRI SLIVNICI	X :116088 Y :536049	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Brood stock
100090065	RTG SLIVNIŠKO JEZERO, D.O.O., RIBNIK RAKITOVEC 7 GORICA PRI SLIVNICI 6A, 3263 GORICA PRI SLIVNICI	X :116088 Y :536049	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Nursery
100090067	KUŠAR MIHAEL SAMOTORICA 16, SAMOTORICA, 1355 POLHOV GRADEC	X :100796 Y :443441	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Grow out for human consumption

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090070	RIBIŠKA DRUŽINA TRŽIČ, RIBNIK ŽEJE PODBREZJE 4A, PODBREZJE, 4202 NAKLO	X :128258 Y :445070	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present YES, susceptible species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Put and take fisheries
100090072	LIKAR ALOJZ, RIBOGJNICA LIKAR POTOČE 30, POTOČE, 4205 PREDDVOR	X :129216 Y :457333	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Grow out for human consumption
100090074	VIDMAR LUDVIK LOŠKA GORA PRI ZREČAH 37, LOŠKA GORA PRI ZREČAH, 3214 ZREČE	X :138954 Y :528723	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090077	RIBIŠKA DRUŽINA SLOVENSKA BISTRICA, RIBNIK VIDEŽ 3 - ŠPORTNI RIBOLOV PARTIZANSKA ULICA 39, 2310 SLOVENSKA BISTRICA	X :NA Y :NA	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Put and take fisheries
100090079	RIBIŠKA DRUŽINA SLOVENSKA BISTRICA, RIBNIK JERNEJČEK - ŠPORTNI RIBOLOV PARTIZANSKA ULICA 39, 2310 SLOVENSKA BISTRICA	X :NA Y :NA	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Put and take fisheries
100090082	RIBIŠKA DRUŽINA ŠEMPETER V SAVINJSKI DOLINI PRESERJE 9, PRESERJE, 3314 BRASLOVČE	X :127880 Y :504081	Viral haemorrhagic septicaemia NO, susceptible or vector species present Infectious haematopoietic necrosis NO, susceptible or vector species present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia NO, susceptible or vector species present		Freshwater tanks/raceways	Hatchery Put and take fisheries

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090083	KOŠTOMAJ STANISLAV, CEROVEC ŽEPINA 13, ŽEPINA, 3202 LJUBEČNA	X :NA Y :NA	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Nursery Brood stock Grow out for human consumption Other
100090084	VENIGER STANISLAVA, ZEMELJSKI RIBNIK GORIČICA 9A, GORIČICA, 3230 ŠENTJUR	X :122592 Y :529059	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Other
100090085	VENIGER STANISLAVA, ZEMELJSKI RIBNIK GORIČICA 9A, GORIČICA, 3230 ŠENTJUR	X :122592 Y :529059	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Other
100090086	MATAJ VERONA, RIBNIK BRODARSKA ULICA 19, KROG, 9000 MURSKA SOBOTA	X :166385 Y :586906	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Other

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090087	ZDEŠAR MIRJANA JERONIM 49, JERONIM, 3305 VRANSKO	X :122329 Y :492728	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Other
100090088	PLUT DENIS ROŽNI DOL 7, ROŽNI DOL, 8333 SEMIČ	X :60040 Y :511309	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater tanks/raceways	Grow out for human consumption
100090089	BOŽNAR MAKS, RIBOGOJNICA BOŽNAR BUKOV VRH 7, BUKOV VRH, 4223 POLJANE NAD ŠKOFJO LOKO	X :107527 Y :437845	Viral haemorrhagic septicaemia YES, susceptible species are present Infectious haematopoietic necrosis YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Infected	Freshwater tanks/raceways	Grow out for human consumption

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
100090090	RIBIŠKA DRUŽINA MURA PALOMA, RIBNIK MIHA VRANJI VRH 88, VRANJI VRH, 2214 SLADKI VRH	X :555583 Y :172470	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present YES, susceptible species are present Koi herpes virosis NO, susceptible or vector species present Infectious salmon anaemia YES, susceptible species are present	-Viral haemorrhagic septicaemia Not known to be infected -Infectious haematopoietic necrosis Not known to be infected	Freshwater ponds	Other
100090091	RIBIŠKA DRUŽINA MURA PALOMA, RIBNIK BROD VRANJI VRH 88, VRANJI VRH, 2214 SLADKI VRH	X :555562 Y :172592	Viral haemorrhagic septicaemia YES, vector species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Koi herpes virus Not known to be infected	Freshwater ponds	Other
100090096	RIBIŠKO DRUŠTVO RAČE, RIBNIK OPEKARNE RAČE LJUBLJANSKA CESTA 94, 2327 RAČE	X :146155 Y :550763	Viral haemorrhagic septicaemia YES, vector species are present YES, susceptible species are present Infectious haematopoietic necrosis YES, vector species are present Koi herpes virosis YES, susceptible species are present Infectious salmon anaemia NO, susceptible or vector species present	-Viral haemorrhagic septicaemia Not known to be infected -Koi herpes virus Not known to be infected	Freshwater ponds	Other Put and take fisheries

Registration No.	Aquaculture production business	Geographical position and coordinates system	Species kept	Recognised health status	Farm type	Farm production
